GOVERNMENT OF INDIA

MINISTRY OF COMMERCE

RESOLUTION

New Delhi, the 29th June 1949

No. 32(1)-T.B./49.—In their Resolution No. 218-T(55)/45 dated the 3rd November 1945, the Government of India in the Department of Commerce referred to the Tariff Board an application for assistance or protection received from the Caustic Soda and Bleaching Powder Industry. The Board in their Report considered that the industry qualified for the grant of protection, and recommended *inter-alia* that Mettur Chemical and Industrial Corporation, the only applicant for protection, should be given a subsidy. This recommendation was accepted by Government subject to certain conditions as announced in their Resolution No. 218-T(19)/47 dated the 22nd March 1947. On a further examination by the Tariff Board of the accounts of the Company, as contemplated in paragraph 4 of Resolution No. 218-T(19)/47, dated the 22nd March 1947, it was found that the conditions for the grant of the subsidy were not satisfied.

2. The Government of India have now re-examined the matter and have decided to refer to the Tariff Board for investigation certain applications received for assistance or protection to the Caustic Soda and Bleaching Powder Industry. In making its enquiry the Board will be guided by the principles laid down in para. 5 of the Resolution No. 218-T(55)/45, dated the 3rd November 1945.

3. Firms or persons interested in this industry or industries dependent on the use of these articles, who desire that their views should be considered by the Tariff Board should address their representations to the Secretary to the Board, Contractor Building, Nicol Road, Ballard Estate, Bombay, 1.
